

2026 ACA Enrollment Review

Benefit Review & Enrollment Process for Part Time Employees that are newly eligible for Medical Benefits due to ACA Requirements

What is ACA Enrollment?

The Affordable Care Act (ACA) requires Oak Harbor to offer medical only benefits to part time employees that work an average of 30 hrs. per week over a 6-month timeframe. This is your opportunity to enroll in or opt out of medical only benefits and elect coverage for yourself and dependents.

- If you choose to enroll in medical only benefits, you will remain enrolled for 6 months, until the next plan review date. If you are still eligible at the next review, you will maintain your benefits. If you are no longer eligible, due to working under 30 hrs. per week in the prior 6 months, your coverage will end the last day of that 6th month.
- If you enroll dependents; we do require back up documentation (marriage and/or birth certificates) Spouses and Child(ren) are eligible for RGA benefits. Child(ren) up to age 26.

Enrollment must be completed online through Dayforce.

- You cannot complete using the Dayforce app on your phone.

If you choose to enroll, you only have 30 days from the date you are newly eligible.

Coverage is effective the first of the month following review date.

Medical – Virtual Physical Therapy

Omada for Muscle and Joint Health is personalized, science-backed physical therapy that you can do from anywhere. Omada can help you with chronic pain (back, osteoarthritis, etc.), surgery recovery, posture and ergonomics.

Here's what to expect:

You'll meet with a licensed physical therapist for an initial assessment and to create a care plan. This might be self-guided or PT-guided.

If you move forward with the PT-guided program, you'll receive a welcome kit, and your PT will assign exercises for you to do at your own pace. You'll do these from your phone or a tablet so the camera can detect your range of motion and provide real-time feedback, helping you to progress more quickly and prevent injury.

Throughout treatment, you'll schedule video visits as you would with an in-person PT, and you'll have the option to take recorded video assessments to give your PT additional measurements they can use to modify your care plan.

To get started:

- 1 Log in to the RGA member portal
- 2 Navigate to "Explore your Benefits,"
- 3 Click "Go to virtual physical therapy." This will take you to the Omada app.
- 4 You'll complete a short survey and schedule a consultation with a physical therapist, who will determine the right program for you.
- 5 You'll only pay twice: once for the consultation (your copay will equal your traditional physical therapy copay), and a second time when you start the PT-guided program. If you start a self-guided or prevention program, you won't be charged a second time.
